

HIV AND CO-INFECTIONS IN AT-RISK POPULATIONS

ADDRESSING CROSS-BORDER TREATMENT NEEDS AND ENSURING EARLIER DIAGNOSIS FOR MIGRANTS, THE HOMELESS, PRISONERS AND OTHER VULNERABLE POPULATIONS

THE SATELLITE SESSION FOCUSES ON:

- Integrated testing approaches that reach vulnerable populations at risk for infection with HIV, viral hepatitis, TB and STIs and lessons learned from EU funded initiatives to research the barriers and facilitators.
- Patients with multiple infectious diseases that needs to be addressed as part of integrated care.
- Models of care that have been successfully developed resulting in integrated testing, evaluation, treatment and cures in identified vulnerable populations.

TIME AND VENUE:

18:30-20:30h,

25 July 2018

RAI Amsterdam,

Room: Forum

18:30-18:55 WELCOME INTRODUCTION AND POLICY FRAMEWORK

Chairs: Lella Cosmaro (Fondazione LILA Milano Onlus, Italy) Jack Lambert (Mater Misericordiae University Hospital and University College Dublin, Ireland)

Welcome and introduction to the INTEGRATE Joint Action, Lella Cosmaro & Jack Lambert

18:55-19:30 SESSION 1: INTEGRATED TESTING APPROACHES - LESSONS LEARNED AND TRANSFERABILITY ACROSS DISEASES AND BORDERS

Chairs: Lella Cosmaro & Jack Lambert

EU Policy framework, presenting the Staff Working Document 2018, Jean Luc Sion, European Commission DG-SANTÉ Representative

Monitoring the continuum of care and testing in Europe, Andrew Amato, European Centre for Disease Prevention and Control

Bridging to Eastern Europe and Central Asian countries – opportunities and challenges, Elena Vovc, WHO Regional office for Europe

HepCare: Lessons learned on HCV testing and treatment among key risk groups, including drug users and homeless, through outreach to the community and integration of primary and secondary care services, Jack Lambert

E-DETECT TB: Find and treat models in Netherlands and UK, transferability to Eastern Europe (Romania and Bulgaria) and options for integrated care delivery, Gerard de Vries, KNCV Tuberculosis Foundation, the Netherlands

Questions from the audience and discussion

19:30 - 20:20 SESSION 2: PANEL DISCUSSION: RISK GROUPS AND CO-INFECTIONS: PREVENTION, LINKAGE TO CARE, AND SHARED CARE MODELS FOR CARE

Chairs: Daniel Simões (Grupo de Ativistas em Tratamentos, Portugal) Jürgen Rockstroh (University of Bonn, Germany)

Short introductory remarks (2-3 min) by INTEGRATE partners on:

- Transferability of tools on testing and linkage to care across diseases – challenges and opportunities

- How to use data in the implementation of programmes

Dorthe Raben, CHIP, Rigshospitalet, University of Copenhagen, Denmark
Ann Sullivan, Chelsea and Westminster Hospital, UK

Jordi Casabona, CEEISCAT, Barcelona, Spain
Valerie Delpech, Public Health England, UK

Panel members: Jack Lambert, Lella Cosmaro, Jean Luc Sion, Andrew Amato, Elena Vovc, Gerard de Vries, Dorthe Raben, Ann Sullivan, Jordi Casabona, Valerie Delpech

Moderated discussion with panel and audience

20:20-20:30 CONCLUSIONS AND NEXT STEPS

Chairs: Lella Cosmaro & Jack Lambert

Concluding remarks
